

A Character Analysis of Mr. McMullin

**With love and thanks
from**

Ms. Camp's Third Graders

**at Linnaeus W. West School
Endicott, NY
2003 - 2004**

Note: This page is the "Letter from the Teacher" that explains how we went about using the 4-Square for this project. The next two pages show the 4-Square that the class worked on together. In this document, the student's own 4-Square is only included for students #1, 2, 9, 18, and 19.

Feb. 4, 2004

Dear Mr. McMullin,

In order to write these letters, we had to combine what we have learned this year about 1) the friendly letter format, 2) how to use a 4-Square for organizing our ideas, and 3) how to identify and prove character traits.

We have included a copy of the 4-Square that we all worked on together. We wrote the introductory paragraph (center box) and the concluding paragraph (lower right square) together as a class. Each student filled out his/her own detail squares (top left and right, lower left). These correspond to the middle three paragraphs of the letter.

On the backside of the 4-Square you can see all the character traits that the class brainstormed for you, as well as the evidence. When talking about character traits, we always begin with the evidence. We think of something that the character (in a book or in real life) did or said, and then we ask ourselves what kind of person would do or say that. To identify character traits for you, the students first brainstormed a list of things you have done here at LWW. Next, they asked themselves what kind of person would do those things.

Each student picked out three character traits from our list. They put one trait in each of the three detail squares. For each trait they picked, they chose three pieces of evidence (things you have done) that prove that trait. For each of the middle paragraphs, the first sentence introduces your character trait, and the next three sentences provide examples of things you have done that prove that trait.

You have made a tremendous difference at our school, and we will miss you very much. You have a special strength of character.
